The year 1980-1981 has been a year of change for Westview. Along with the obvious structural changes, there is the absence of a school play, but the school spirit has greatly increased over the past years. The Parkbench staff has been a definite example in that they, against all odds, managed to meet the deadlines without killing each other. As the editor, I would like to thank everyone who is not on the staff but contributed to the production of this book and special thanks to Pam Babieri for the cover design.

JUST ONE OF THOSE DOORS

Each day a new child is born,  
and so are we;  
Each day the ~~child~~ opens his  
eyes to the ~~things~~ things he  
can see;  
And each day we open another  
door to our ~~lives~~.  
The child ~~keeps~~ crawling up  
the stairs until he can walk.  
And so we must keep opening  
the doors until we have found  
the right ~~one~~.

W. H. C. T. 1886. - At the time of his  
death, he was in New York, having  
been a general agent for the  
New York Rail. Rwy. Co., having  
conducted him to N.Y. from home in  
April, 1886. The "Young Men's  
Christian Assn." of New York had  
engaged him for their meetings.

Sixty-four percent of the 1990-91 total enrollment was African American, 21 percent Hispanic, and 15 percent White. The African American students were 70 percent female and 30 percent male. The Hispanic students were 55 percent female and 45 percent male. The White students were 54 percent female and 46 percent male.

On July 14, 1984, at about 10:30 a.m.,  
Dale and Linda Lee Jackson found  
my blood. I was 19 years old, about seven  
months pregnant, 4'7" tall, and weighed  
140 pounds. I had suffered from  
severe depression since the death of my  
son, and I was 38 weeks pregnant.  
I was found lying on the floor of my  
bedroom, unconscious. My mother, Linda,  
came home and found me. She called the  
police. They came. They took me to Wins-  
low Hospital.

1998 1999 2000  
Because there was little time available on the part of the  
committee to plan the meeting, the  
agenda was limited to a discussion of the  
activities of the Association and the  
future direction of the organization.

and *John Brown*.  
John Brown is a man who  
has written a number of books  
and has sold them all over the  
country. He is a good writer  
and his books are well worth  
reading.

On 10 January 1916 at 09.15h the  
Boat was proceeding slowly past the  
islands, it being about 30° E. from  
about 13° S. The weather was very bad &  
cloudy, and all the day there was  
light rain. At 10.30h the boat  
passed through a gap in the clouds.  
There was a fine view of the  
Antarctic, which was now visible.

1881-1883 DE 1118986 "W&L" 100  
300, 5000000 m² surface in Baffin Bay-Kidney  
Island 32° 10' N 66° 45' W about 1000  
m depth. The bottom is very rocky and  
equilibrium is reached rapidly and the  
bottom is covered with small fragments of  
rock and mineral. There is no life. There  
are no fish, birds, mammals, or plants.

1980's. After the last two were sold, the  
Pecan Sheller would sit on the back porch  
and begin to rust and lose its original  
fineness. It cost him about \$500.00 to have  
it completely restored. He had a local  
Silversmith repairman redo the back  
cabinet and sheller and a local Gunsmith  
rebuild the gun. The Pecan Sheller  
is now in the family museum.

BUCKLEBY - A large, well-wooded area of land situated between the village of Bucklebury and the River Thames. The area is roughly triangular in shape, bounded by the River Thames to the west, the road from Bucklebury to Newbury to the north, and the road from Bucklebury to Caversham to the south. On the 20th of April, 1863, the last of  
the rebels who had escaped from the 100 days  
Confederate camp at Appomattox, joined the  
Parolees, and by the 20th of May 1863 all  
of the rebel soldiers in the field had come  
out of the Vicksburg lines, leaving nothing  
but a small garrison of 100 men, holding  
out until the 2d of June, when they  
surrendered.

After the first day I had a good time with the students. I am learning a lot of Spanish words, especially the common ones. I am also learning some English words, such as "please", "thank you", and "hello". I am also learning some numbers, such as "one", "two", and "three". I am also learning some colors, such as "red", "blue", and "green". I am also learning some shapes, such as "circle", "square", and "triangle". I am also learning some animals, such as "dog", "cat", and "bird". I am also learning some fruits, such as "apple", "banana", and "orange". I am also learning some vegetables, such as "carrot", "potato", and "cucumber". I am also learning some other things, such as "water", "air", and "fire".

1990-91. We had 1,185 adults  
and youth who took part in our  
classes. 111 individuals became  
volunteers. 36 people have  
been trained. The average annual  
cost per person was \$32,357.98. All  
of our funds come from donations,  
fundraising, and corporate sponsorships.  
Our largest donor is the Ontario  
Lottery. It has donated over \$100,000.

On 11/11/09, I took a walk up the hill to the top of the mountain. I saw a group of about 10-12 Ring-necked Pheasants. They were mostly males, with a few females and some juveniles. They were scattered across the hillside, some in pairs and others alone. They were mostly brown and tan, with some white on their wings and tails. Some had red combs on their heads. They were looking for food and water. They were also looking for a mate. They were very active and noisy. They were also very alert and wary. They were also very territorial. They were also very social. They were also very colorful. They were also very strong. They were also very fast. They were also very agile. They were also very intelligent. They were also very curious. They were also very friendly. They were also very gentle. They were also very kind. They were also very nice. They were also very good. They were also very nice people.

# FAC'UL-TY, n., body of teachers

Changes are always occurring, and as well as the obvious changes you can see, like these teachers' faces, there are the ones you notice only when you look back. Here are a few of the changes.

Seen by them in the last 14 years. Take the time to talk to them or to the many others and discover more of the changes you don't notice. Someday you will be the one who has seen the changes worth sharing.

1968-69

1980-81

Back in those early days, I recall the axle-deep mud that grabbed at our shoes in the parking lot; today we still have the mud. Back then, students came to Westview from every corner of the district; now, they arrive here from every part of the world. So, you see, nothing has changed much here over the last 14 years . . . Why, even I look the same!

1968-69

1980-81

During my 14 years at Westview the greatest change I have witnessed involves SIZE. The number of staff members has tripled while the student body has more than quadrupled in size. The physical dimensions of Westview itself has increased many times over from the original building whose doors opened in 1967. Over the years Westview has grown bigger, more complex, and more challenging.

1968-69

1980-81

After serious consideration, it appears to me that Westview has not changed very much. The world has changed but Westview's personality has stayed much the same. It is still a large, sometimes brilliant school living close to the real world. You can say what you want but Westview is never boring. One thing I have noticed is that I seem to get older while the students stay the same age. Very strange.

When the school opened in 1967 we had 600 students and 47 staff. The students hung around an old farm house where the hospital now stands. School events included dances (no one danced), winter carnivals, and of course the annual staff skits at Christmas. Then there was the time someone attached a pencil sharpener to the middle of a new desk. After a while I guess we just got too big for those sort of things.

1968-69

1980-81

**MEMORIES**  
- MUD - MUD AND MORE MUD.  
- All staff turning out to football games.  
- Terrific school shows.  
- Ms. Mayerson's Faulkner classes.  
- Camping trip with the grade 11's and Mr. D.  
- Making the pet peeve several times.  
- Super atmosphere in hairdressing classes.  
- Library club outings.

The major change is the size. Everything is about four times bigger than it was fourteen years ago. This change in size is what has caused all the changes which have taken place.

# GIRLS SWIM TEAM

In alphabetical order; Liz Andrade, Brenda Borsten, Terri Boxall, Susie Brazeau, Linda Coutts, Lori Day, Marcia Facey (Manager), Kathleen Feeny, Cathy Gemmell, Lori Gray, Jackie Grove, Stacey Henthorne, Mary Jane Hewitt, Christine Kingissepp, Mary Lubawski, Sonia Martinis, Maureen McCleery, Maureen McCullough, Claire Moran, Ingrid Nitsch, Colleen Oliver, Linda Rachey, Janine Reeve, Laurie Richardson, Gail Storey. This year's swim team was coached by Miss Lougheed. Special thanks from all the girls for her time and help.

## GIRLS INTRAMURALS

This year's girls intramural sports are headed by the president of our Girls Athletic Association (GAA), Linda Coutts. All girls are invited to participate in various sports - volleyball, indoor soccer and basketball are only a few of those readily available to the girls. A very active group of grade 13 students have formed their own team, the "Wicked Women" (pictured left). They were champions as volleyball players although they were defeated when they challenged their male counterparts to a match. Who knows, next year may give rise to a new breed of intramural women. Watch out for them, they'll be as "wicked" as they were this year.

*this is me*  
But I already told them that  
this isn't the boy's washroom!

## GIRLS FIELD HOCKEY

The school year got off to a fast start for this group of girls as after school practices took up many hours of learning the basics of field hockey. Coaching from hockey player, Jan Baxter, was long and hard - the girls had to learn all the rules, ball handling, and even how to hold the stick! The work paid off, however, because the team went on to the finals to become number 2 in North York! Congratulations are extended to this first-year team and to both their coaches. Way to go!
